

VINNYTSIA REGIONAL STATE ADMINISTRATION

**The current state of Vinnytsia region
agricultural complex.**

**The development of agricultural machinery
industry.**

**First Deputy Head
of Regional State Administration**

Andrii GYZHKO

Vinnytsia region agricultural sector in 2016

720 operating agricultural enterprises,
2021 farms,
282,6 thousand private peasant farms

Number of employed population -
207,9 thousand people

Total farmland area - **1838,2** thousand ha, including:
arable land – **1667,3** thousand ha,
perennial plantations - **44,5** thousand ha,
hayfields – **19,0** thousand ha,
grazing lands – **107,4** thousand ha.

The region produces **8,4%** of gross agricultural production in Ukraine.

The region takes the first place by volumes of gross agricultural output, and the second place by production growth rate.

Number of livestock:
cattle stock – **3088** thousand, including cows - **157,7** thousand,
pig stock – **351,3** thousand,
sheep and goats stock – **38,3** thousand,
poultry stock – **27,6** million heads.

Agricultural products export -
787,8 million USD

Capital investments -
3202,5 million UAH
(118,6 million USD)

Agricultural production in 2016

 **Grain crops, total (test weight) - 5.6 million tons**
(2nd place in Ukraine)

including:

- ✓ wheat 2,3 million tons (1st place)
- ✓ corn 2,6 million tons (3rd place)
- ✓ barley 0,6 million tons (4th place)
- ✓ grain legumes 0,4 million tons

(8th place)

Industrial crops:

Sugar beets – 2,6 million tons (1st place in Ukraine)

Sunflower seeds – 0,8 million tons (7th place in Ukraine)

Soybeans – 0,3 million tons

Rape plants – 0,1 million tons

Potato – 1,8 million tons

Vegetables – 0,5 million tons

Fruits and berries – 0,3 million tons

Animal products:

Meat – 0,45 million tons

Milk – 0,85 million tons

Eggs – 880,2 million

Development of grain production

Grain crops sown area –
869,3 thousand ha

Grain crops yield– **64,2**
dt per ha

Grain crops production,
total (test weight) - **5.6**
million tons
(2nd place in Ukraine)

47% of food
grains
(excluding corn)

73 operating elevators with
capacity of **2,8** million tons,
1654 grain warehouses with
capacity of **2,1** million tons

338 grain cleaning and
grain drying complexes,
with a capacity of **65**
thousand tons per day

Grain and its derivative products
export - **123,2** million USD

Development of sugar beets industry

Sugar beets sown area –
54,8 thousand ha

Sugar beets yield –
482,4 dt per ha

Sugar beets production –
2,6 thousand tons
(1st place in Ukraine)

6 operating sugar plants
with a capacity of **25**
thousand tons per day

Sugar
content –
18,5 %

Amount of produced
sugar – **434,6** thousand
tons

Sugar export to 40
countries – **138,1**
thousand tons /
68,9 million USD
(1st place in Ukraine)

Development of horticulture

Planted area–
25,4 thousand ha
(1st place in Ukraine)

There are **73** fruit storages with
a capacity of **78,7** thousand tons,
including storage is with
refrigeration equipment – **60,5**
thousand tons

Yield capacity, dt per ha :

- seeded fruits – **126,2**
- stone fruits - **81,5**
- small fruits – **92,1**

Total output of the
industry–
269,5 thousand tons
such as:

- seeded fruits– **232,7**
- stone fruits - **21,9**
- small fruits - **9,4**

11 operating enterprises for
fruits and berries processing,
total capacity of **500** thousand
tons per season

The largest enterprises:

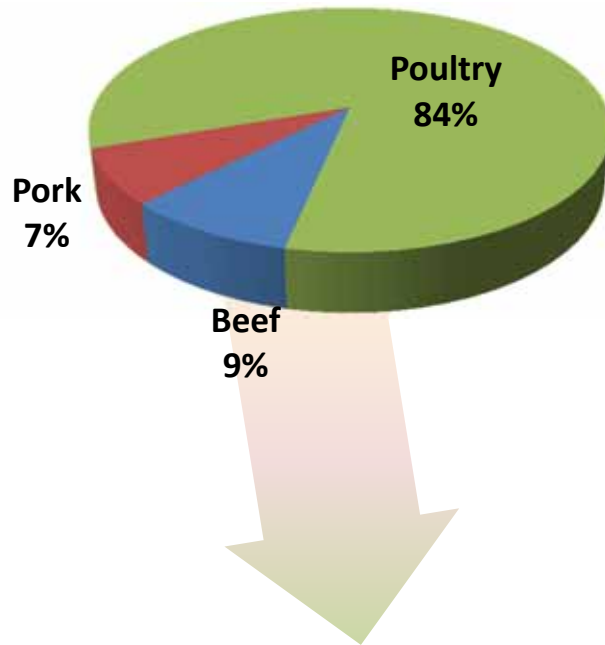

- AGRANA Fruit LUKA, LLC
- Pfanner Bar, LLC
- Mohyliv-Podilskyi Canned Food
Factory, JSC
- Ecosphere, LLC

Development of the meat market

Production of meat (live weight) – **447,4** thousand tons
(1st place in Ukraine)

Structure of meat production

There are **7** meat processing plants, with a capacity of **340** tons per day in the region
(excluding poultry)

VINNYTSIA POULTRY
FARM, LLC

Poultry-stock farming of **220** thousand tons per year, **II stage** with a capacity of **220** thousand tons is in progress of construction .

The capacity of processing complex is **150** tons per day.

Development of the dairy market

Milk production –
853,6 thousand tons
(1st place in Ukraine)

There are **15** milk processing plants in the
region with daily processing capacity of
2 thousand tons

The largest milk processing enterprises of the region:

Loostdorf, LLC

Vinnytsia Milk Plant
ROSHEN, PJSC

Tulchyn branch of Terra
Food, LLC

Famous brands:

Milk and dairy products export –
20,1 million USD

Vinnytsia region agricultural machinery industry

Tillage machinery:

- **Harrows**
- **Combined machines**
- **Hulling machines**
- **Cultivators**

Fertilization machinery:

- **Machines for applying mineral or chemical fertilizers**

Crop processing machinery:

- **Modular roller mills**
- **Equipment for cereals production**
- **Manufacturing machinery**
- **Transport facilities**

Livestock equipment:

- **Herringbone milking parlor**
- **Individual milking installations**
- **Feed-milling equipment**

Tillage machinery

Krasne specialized enterprise «Agromash», LLC

Trailed heavy disc harrows THDH

Disc-chisel harrows

Trailed light disc harrows TLDH

Chisel cultivator type CC

Krasne village
Tyvriv district
Vinnytsia region
Ukraine
